Mission Statement

To pass down a tradition of learning and enjoying different music styles. To help the student improve in logic and reasoning skills as utilized in reading music. To make music an amazing lifetime journey.

Payment Schedule

Music Tuition Payments are payable within the last seven days of your current billing period to pay ahead for the next month. A ten dollar late fee is charged after five days. Music Tuition is not refundable. Thirty days notice is required for lesson termination. Music Tuition is a flat fee standard that remains the same from one month to the next.

Lesson Cancellation

First priority for make-up classes is always given to illness and (72 hours) advanced notices. Make-up lessons will not be given for extracurricular functions. Make-up classes are not guaranteed during high demand scheduling issues. Make up classes are limited to once a month. If a make-up class cannot be scheduled, then the student will record a performance on assigned homework. Feedback will be given. Please understand we will wait for a minute window on time for all virtual classes, then move onto another class if the client has not properly communicated.

Holiday Schedule

We will be closed at different periods for Fall, Winter, and Summer as a break period. Those dates are announced and not rescheduled as it is a studio closure.

Class Attendance

Class attendance is limited to just the student and one adult. This is an optimal environment for the student. Parents need to be involved and responsible for the students' practice.

During times of business travel classes are online as dates will be announced.
